

- “Lightning war” that was a swift, sudden, and overwhelming military attack

• Based on speed and surprise

- Required a military force based around light tanks and support planes and infantry

- Decentralized military groups – learning from the mistakes of WW1

• First used in WWII by the German army

What is Blitzkrieg?

• “Lightning war” that was a swift, sudden,

• Required military force based around

and overwhelming military attack

from the mistakes of WW1

• Decentralized military group - learning

light tanks and support planes and infantry

BLITZKRIEG

When you only stop for kittens
