

Stages of Globalization:

STAGE 1

- **Traditional Globalization – International Trade, Antiquity – 1492 CE**

- Goods, services and ideas were exchanged along ancient trade routes. The Arabic people settled between trading nations of Europe and Asia/India were said to among the “first ambassadors of the realm of ideas”. Indian science, medicine, literature, and mathematics to Europe.

The Silk Road – an extreme example of “Traditional Imperialism”

- **First century CE**
- Winded through mountains, deserts, river valleys
- Reached from Roman Empire to China in the Far East
- Merchants, Diplomats and Travelers
- Pack animals and River boats
