Enabling A Dictator

The Enabling Act:

- **restricts personal freedoms (opinion, press, assembly)**
- eliminates privacy of mail, telegrams, phone calls
- eliminates the need for search warrants
- gives power to the Chancellor to make legislation without the approval of the Reichstag
- **bans all political parties other than the Nazi Party**

Just like that... Hitler has created a dictatorship!

June 30, 1934 – The Night of the Long Knives

All leaders of the SA (stormtroopers) are killed

Aug 19, 1934 – President Hindenburg dies, Hitler pronounces himself Fuhrer
