

UNIVERSALIZATION OF POP CULTURE

Culture spread of popular ideas, music, dance, fashion, and other social factors around the world. Usually spread by media and communications technology. It allows culture to mix and change.

SOURCE ANALYSIS

5 - 7 SENTENCES

Today's youth are in trouble compared to the generations that came before them. They are distracted by social media and rely on AI for their own thoughts. As a human race, we are taking steps backwards in our creativity, innovation and humanity.
