

What is the Indian Act?

■ The Indian Act is federal legislation related to the rights and status of First Nations peoples ('status Indians'), first passed in 1876 and amended several times.

■ The Indian Act allows the government to develop specific policies and programs to administer treaty rights to First Nations

The action affirmed the collective rights of First Nations.

■ The act allowed for the creation of officials for each reserve, 'Indian Agents,' who on an individual basis determined how the government would perform its duties. This allowed for several different interpretations of the Treaties.

■ **The Indian Act was created by the Canadian government without consulting the First Nations people.**

Q. Would this “challenge Canadian nationalism?”
