

Vs. The World

A faint background image of a person in a green shirt playing a white electric guitar. The word 'WORLD' is written in a stylized font across the guitar's body.

- A. What issue do you think is worth sacrificing sovereignty?
What if that means other countries change the way you live?
- B. Do you think NGOs are the best way to solve global issues?
- C. (Old question) Are military alliances still useful in 2019?
(New question) 2024?
- D. Should wealthy countries give loans to developing countries? Or should they just help for free? Should those loans come with any strings attached?
- E. Would you be ok with a "One World Government?"
