

ECONOMIC RECAP

► What is the central question of economics? (that I may have forgotten to mention before)

► How to manage scarcity and choice?

➤ *Scarcity*-resources are limited

► So governments must decide how to solve this problem.

ECONOMIC RECAP

- What is the central question of economics? (that I may have forgotten to mention before)
- How to manage scarcity and choice?
- *Scarcity* - resources are limited
- So governments must decide how to solve this problem.

SMITH'S ANSWER

- Just as a recap... how would Adam Smith answer the central economic question of “How should society deal with *scarcity*?”
