

☐ Past economic performance used to calculate future needs,
GOSPLAN informs ministries of specific sectors the needs required,
GOSNAB decides how goods will be distributed while other
agencies set process, arrange labor, foreign trade, etc.

 Ministries decided whether targets can be met and draws up list of needed resources for GOSPLAN

ECONOMIC

PLANNING

ECONOMIC PLANNING

- ❑ Past economic performance used to calculate future needs, GOSPLAN informs ministries of specific sectors the needs required, GOSNAB decides how goods will be distributed while other agencies set process, arrange labor, foreign trade, etc.
- ❑ Ministries decided whether targets can be met and draws up list of needed resources for GOSPLAN

NOT GOD'S ECONOMIC PLANNING

GOSPLAN coordinates all the demands, discussions and negotiations are held between the large firms, ministries and GOSNAB to create a national economic plan

Each firm is issued orders setting out production quotas
