

OTHER DEFINITIONS:

“The act of making or becoming global.” *The Canadian Oxford Dictionary*

“The process by which the world’s citizens are becoming increasingly connected and interdependent.”

Alberta Social Studies K-12 Program of Studies

OTHER DEFINITIONS:

“A historical stage of accelerated expansion of market capitalism like the one experienced in the 19th century with the Industrial Revolution. It is a fundamental transformation of societies because of the recent technological revolution which has led to a recombining of the economic and social forces on a new territorial dimension.” *Pascal Lamy, director general, WTO*
